Address all correspondence to the Times-Virginian, Appomattox, Va.

EDITORIAL

THANKSGIVING

The Times Virginian believes that Thanksgiving 1935 finds Appomattox county in better all around condition than we have averaged during the past five years. This exists largely due to the fact that much of the DEBT burden has been taken care of. For the first time since the depression, our farmers can take tobacco to market with the knowledge that there will be cash to spend instead of just cash to pay out on debts. To us, that fact makes this Thanksgiving stand out locally.

We wonder if pretty much that same thing isn't true over all the nation? Unquestionably, we are beyond just being "On the road to recovery." Yes, we are beyond that.

America has COME BACK, just as most of us knew it would. It was the slow and tedious process of riding out a storm. America took some medicine, and should feel better for it. The important thing is to remember the bitter lessons of the depression and not be "suckers" to the causes of the depression again.

All in all, it should be a glorious Thanksgiving to rll of us.

KING REX THE FIRST

The one man in the administration in Washington who seems to be able to rub the average citizen the wrong way with amazing consistency is Professor Rex Tugwell, who is also known as "King Rex the First."

The New York Times in a special article from Washington, now points to a performance of the professor's that leaves us wide-eyed. This paper reveals that the Rural Resettlement Administration, presided over by "King Rex" is now employing an administrative force of more than twice the size of the relief workers it has hired to date. And the amount paid to this top-heavy staff is about five times that paid the said relief workers.

Says the Times: "Officials found that Administrator Tugwell has hired 12,089 persons to provide jobs for only 5,072 relief workers. The salaries of the administrative staff, spread out in eighteen Washington buildings and the field, total $1,750,000 monthly, as compared to about $300,000 paid the relief workers."

There are scores of good men in the present administration, but we do not hesitate to label Rexford Tugwell the most dangerous.

A MIGHTY PROBLEM

To use a slang expression, it looks like the nation has gone "nuts" over the question of which football teams shall have the honor of playing in the Pasadena Rose Bowl on New Lear's day.

That potent question has taken second place only to the comic strips in the newspapers in recent weeks.

And maybe it's a good thing. If America has nothing more serious to ponder than the participants in the year's football classic, then all is well.

Life is worth what you can make it; not what you can get out of it.

It takes half of the good impression away from a political speech when you realize that the man who made it, didn't write it.

Santa Claus will soon be hearing about how good we have been.

If you have views on current events, write them in to the Times Virginian.

Correct this sentence: "I always vote my own convictions without regard to favors."

The question of who will follow Peery as governor in 1938 isn't so important right now as is the question of what the next legislature will do.

Even the radio can't put new life into a worn out joke.

Get Rid of Poisons
Produced by Constipation
A cleansing laxative—purely vegetable Black-Draught—is the first thought of thousands of men and women who have found that by restoring the downward movement of the bowels many disagreeable symptoms of constipation promptly can be relieved. . . Mr. J. P. Mahaffey, of Clinton, S. C., writes: "I have found that Black-Draught is very effective in the cleansing of the system. When affected by the dull headache, the drowsiness and lassitude caused by constipation, I take Black-Draught."

To Dedicate Camp Here; Persons Speaks

Plans have been completed for the ceremonies incident to the dedication of the Lee-Grant, local CCC camp, at Appomattox, on November 29. Many visitors are expected and arrangements have been made to take care of a large crowd for the occasion.

The official visitors will be headed by Col. Persons, district commander, who will make the principal address. Sub district headquarters will be represented by Major Ernst and Lieut. Cotton, of Clifton Forge.

The ceremonies will begin with inspection of the camp from 2 to 4 P. M., with the formal dedication being held at the flagpole at 4:15. The audience will be led in the singing of "America", followed by the invocation by Rev. W. K Cunningham. Don Moses, chairman of the board of supervisors of Appomattox county, will deliver an address of welcome and introduce Col Persons. After the address by Col. Persons, Mrs. S. L Ferguson, of Appomattox county, will formally christen the camp while the band plays "Dixie." The ceremonies will be concluded by the playing of the Star Spangled Banner by the band. Music for the occasion will be furnished by the Lynchburg National Guard Band, under the direction of Mr. Fredericks, of Lynchburg.

Elect Officers

The afternoon and evening circles of the Y. W. A met at Liberty church Thursday evening. A covered dish supper was served. An election of officers was held, with the following named:

Afternoon circle: president: Miss Lucy LeGrand; vice president, Miss Beulah Ferrell; secretary, Miss Phoebe O'Brien; assistent, Mrs. R W. Stanley; treasurer, Miss Jessalyn Hancock; pianist, Mrs. Helene Welch.

For the night circle: president, Miss Lucy Crailey; vice president, Miss Mary Butts; second vice-president, Miss Lola Moore; secretary and treasurer, Mrs. Josie Ferguson, pianist, Miss Ethelyn Lee.

Appomattox Wins Basketball Game

The local girls basketball team played Oakville at Oakville last Thursday afternoon. After a close contest the local team emerged ahead by a score of 28 to 26.

JUNIOR FORESTER HERE

Lyman Carrier, state coordinator of the Virginia Soil Conservation project, has announced the appointment of H. Y. Forsythe, as chief forester for the Forestry Department of the soil conservation service with headquarters at the regional office in Danville, Va.

C. R. Lively is junior forester for the Campbell and Appomattox projects with headquarters in Lynchburg.

WINS HONOR

Announcement was received here this week that national headquarters in St. Louis of the National Auto mobile Dealers Association has appointed T. L Christian, president of Christian Motor Co., Incorporated, of Covington, Virginia, as a member of the National Activities Council of the Association.

This is quite an honor for Mr. Christian, who has many friends and relatives in Appomattox.

So far Ethiopia has been struggling along without a theme song.

Tomorrow morning's papers will list dozens of Thanksgiving Day accidents in Virginia. Will your name be listed among the wounded?

How your MONEY WORKS FOR YOU IN A Checking Account

When you put your money in a savings account you get interest on it. In a checking account you get service for it—and let the bank draw the interest. In return for this interest the bank gives you privileges worth far more to you than the interest itself.

When you maintain a balance commensurate with your use of your checking account privileges, the bank will be reimbursed for the expense of serving you. Otherwise, the bank may properly look to you to meet this expense.

Money in a checking account is an investment that pays you real dividends.

There are
No Safer Brakes Made
than the Super-Safety Brakes on the 1936 Ford V-8

No other car in America has the same basic design as the Ford V-8. And because of its unique design—the Ford car could use any type of braking system now in common use.

BUT, with the whole field to choose from, Ford stands by *mechanically-operated, Super-Safety brakes* as the safest, surest, most positive for the Ford V-8.

This is the type of braking system used on many of America's costliest cars and on most racing cars. And because of its unique chassis design, Ford can use it to *better effect* than any other automobile built today.

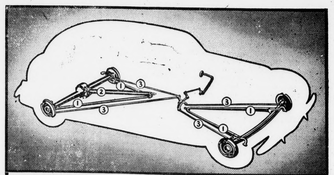
Then, for the brakes themselves, Ford has provided more effective square inches of braking surface (186) than is found in any other low-priced car . . . And big, 12-inch alloy-iron drums with special cooling fins to give maximum braking power under all road conditions . . . All in all, no safer brakes are made than you get with the 1936 Ford V-8.

And right through the Ford V-8 for 1936, from bumper to bumper, the same attention to your safety, comfort and peace-of-mind, characterizes the whole car . . . Ford uses a one-piece, welded-steel body because it is safer and quieter . . . Ford gives you Safety Glass in every window *at no extra cost* because Ford believes it is the manufacturer's duty to provide for maximum safety as part of the car's *sales price.*

Drive the Ford V-8 . . . Notice how it "holds the road" on curves —you never have to "fight" a Ford around turns) . . . Notice how dependably the brakes work on rough roads—on steep hills —or anywhere else. You can arrange to do this easily by calling:

Your Ford Dealer

$510 AND UP, F. O. B. DETROIT—Standard Accessory group including bumpers and spare tire extra. Easy terms through Universal Credit Company, the Authorized Ford Finance Plan.



FORD PERMANENT WHEELBASE
Radius rods [1] brace the front axle like a pair of giant arms. Radius rods and Torque-tube [2] give *triple* bracing to the rear axle. This means that the front and rear axles of a Ford car are always held equi-distant—in perfect alignment. On this permanent wheelbase *any* braking system now in common use could be used. *Only* with this Ford-type wheelbase, can mechanical, Super-Safety brakes be used to the fullest advantage.

FORD USES 4 INDEPENDENT BRAKE RODS
Four brake rods [3] of strong, tempered steel link the pressure of your foot on the pedal with the four big brake-drums on the wheels. They do this positively, surely, under all road conditions. Note especially that no one Ford brake has to depend on the other three. Failure of one—practically impossible—would leave three perfectly-operating brakes.

Tear out this chart and check it with the car you are driving now.

Lady Took Cardui When Weak, Nervous
"I can't say enough for Cardui if I talked all day," enthusiastically writes Mrs. L. H. Caldwell, of Statesville, N. C. "I have used Cardui at intervals for twenty-five years," she adds. "My trouble in the beginning was weakness and nervousness. I read of Cardui in a newspaper and decided right then to try it. It seemed before I had taken half a bottle of Cardui I was stronger and was soon up and around."
Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Oakville

Oakville, Nov. 27– Mrs R E Smith and children spent the week end at Appomattox with Mrs Will Smith.

Misses Mary Jamerson and Thelma Webb spent the week end in the home of Mr and Mrs M M Moore.

THANK YOU, AMERICA,
for more than a Million cars in 1935

This year Chevrolet has two very good reasons for saying, "Thank you, America."

One reason is that people have bought so many Chevrolet cars that production for the year will reach 1,040,000.

And the other reason is that they have placed a record number of orders for new 1936 Chevrolets during the first few weeks they have been on display.

Chevrolet is indeed happy to say, "*Thank you, America,*" and to pledge continued adherence to the manufacturing and service policies which have won and held the friendship of the nation.
